On Sunday, May 25, the Feast of Corpus Christi, several friends gathered with the community to celebrate mass and honor those who had recently received advanced academic degrees. Brother Dinh and Tomasz Kierul both received degrees in Theology for the Weston School of Theology. Tomasz's wife, Natalia, received a master's in Education from BU and Sheila Vargas, received a similar degree from BC. Mass was followed by a delicious cookout and congenial conversation on a beautifully sunny day.

This was also the occasion to announce that Brother Dinh will be leaving Brighton to assume his duties in the Campus Ministry Team at Assumption College. Adding to the festivities, albeit "in absentia", were Tomasz and Ana Jaster who became US citizens on May 22.

In his remarks at mass, Fr. Claude noted that we are all members of the Body Of Christ by virtue of our Baptism and that whenever one member accomplishes something we all rejoice. He also reminded the recent graduates that as members of the Body of Christ, they are called to use their knowledge, wisdom and experience for the spiritual and intellectual growth of the Body of Christ.
