

The theme for the last "Conversations..." at the Assumptionist Center for the semester was "Art and Faith." Our presenter, Bro. Blair Nuyda, A.A., is our artist in residence. Bro. Blair is completing his D.Min. in transformative leadership, with a focus on art and faith at Boston University School of Theology. He was also a former editor and creative director of Living with Christ in the Philippines and is an illustrator, graphic designer and campus minister.His presentation was his personal story illustrating how he first experienced the power of visual art reinforcing faith and vice versa. He explored the different possibilities of integrating art and faith that could help advance God's plans for us and the whole of creation.What followed his presentation was a lively discussion and exchange of ideas which, as usual, led to sharing over a delicious brunch.
