KALOOB

FORMING LEADERS, BULDING COMMUNITIES

Dear friends,

While being faithful to its overall vision of “Forming Leaders, Building Communities,” Kaloob redefines itself as it welcomes the upcoming year full of hope, dreams and enthusiasm, especially as **Kaloob celebrates its 10th Anniversary in 2019**. May we invite you to discover our new goals in this newsletter as well as our recent accomplishments in Tacloban and Marytown. We are also happy to announce that we are launching a Cattle Raising Program meant to help poor farmers in Negros soon. For them, a cow can have a life changing impact. **Merry Christmas to all!**

Br. Ariel Vidanes, AA, Director of Kaloob

Building a watertank in Tacloban, scouts took up the challenge

We are five French scouts from Grandvilliers. We spent three weeks in Tacloban last August to carry on a development project with Kaloob and Res'eau association. Discover our achievements and impressions!

What lessons have we learned from Super Typhoon Mangkhut?

After preparing evacuations and food supplies, even the Filipino government and media didn't survey about what happened in northern Luzon.
