

The Assumptionist Community of Tlilapan celebrated with joy the XX D'Alzoniano Youth Encounter in the Chapel of St. Joseph Jalapilla from November 23 to 25, 2018. Around 200 young people from Orizaba, Córdoba and Mexico City participated with enthusiasm and joy in their first camp with Jesus . It is because according to them, it was a wonderful experience that they will never forget. This is the main Assumptionist youth activity in Mexico that takes place every year to celebrate one more anniversary of the passage to the full life of our founder, Fr. Emmanuel D'Alzon.

We met with the intention of deepening the life and work of our founder, his time and his challenges, his spirituality and his thoughts. But also, in this meeting, we shared the experiences lived in this life of being Christians from the intuitions of our founder.

This meeting is for all young people, as well as committed lay people, who have walked with us

on holy week missions, summer missions, advent mission, youth encounters, social gatherings, evenings, retreats, etc.
