"One of the greatest things about working here at Assumption College is having the privilege of meeting so many students and journeying with them. It has allowed me to share their experiences, their joys and their difficult times as well. That is one of the greatest feelings for me as a campus minister at Assumption College. As a religious priest, my goal has been to bring Christ into the lives of my students; to teach them that God is in the midst of everything. God is the center of my life and He's why I came here to the United States. This experience allows us to know that God is real and at the same time helps us to appreciate that God is part of our stories and experiences. To know where they [the students] come from, to understand what's going on in their lives, and for them to be able to share it with me – it brings joy to me that I can participate in their life's journey."
