

Greetings at Easter from the Assumptionists in the North American Province. Happy Easter!

Easter is the exclamation point, the definitive affirmation of the life shining forth from the Gospel accounts of Jesus. It gives the stamp of approval, the AMEN to a life given over to the humble service of others. In our world of bluster and self-promotion, Easter shows us the way to becoming more generous and more joyful. May its power insinuate itself into our hearts.

-Father Dennis Gallagher, A.A.
