

Assumptionists throughout the world are celebrating this significant milestone in Assumptionist education.

On June 10, 2020, Assumption College officially became Assumption University—a landmark moment in the institution's 116-year history.

"Teaching and education were the great pastoral activities undertaken by our founder, Fr. Emmanuel d'Alzon. Our mission in education is to form men and women who are free, responsible, bold, full of imagination and capable of developing their potential, finding their place in society and contributing their part to the work of creation. An Assumptionist education is interested in every dimension of human beings and at every stage of their lives." - Assumptionist General Chapter 2017
