

Yesterday the Kenyan Ministry of Education announced that, due to low Covid-19 infection rates, schools will not wait until January 2021 to reopen, as previously scheduled, but will open next month.

At Assumption High School - Nairobi we are busy with renovations required by government regulations for a safe reopening, including the installation of additional water points for hand washing, setting up classrooms and dormitories for social distancing, and ensuring we have enough masks for all staff.

In addition, we are excited to announce that there will be five Assumptionists involved at Assumption High School this academic year:

Fr. Luc Martel – Director
Fr. Benard Odhiambo – Deputy Director
Fr. Moses Musavuli – School Chaplain and Counselor
Dn. Kennedy Sakawa – Resident advisor for male students
Br. Kizito Juma Shebella – Resident advisor for male students

Their presence is a sign of our continued commitment to the flourishing of Assumption High School and all of its hardworking students and staff. May God bless and protect us in the year ahead.
