

Some Initial Reflections

By Fr. Jean-Paul Sagadou, AA, superior

The Assumptionists in Ouagadougou staying with the Religious Sisters of the Assumption

Some years ago the Religious of the Assumption help us get settled in Togo giving us living space in one of their houses in Sokode and where one of our two communities still lives today. Here in Ouagadougou, in Burkina Faso, it is they again who have rented us space in a building that they recently vacated in order to take up residence in another neighborhood of the city closer to their work.
