

Fr. General in Council named Fr. Kalondo Kabila Protais Provincial of the Province of Africa this past Saturday, March 3, 2012.

Fr. Protais is currently the regional superior of the Assumptionists in East Africa and a member of the outgoing provincial council. So he understands the Province of Africa well. He is particularly known as an outstanding pastor, a man passionate about the causes of God and of man.

Since his ordination as a priest, he has worked mostly in parishes as pastor but has also served as a vocation recruiter --- of young religious but also lay associates. He didn’t wait for the official recognition of the Lay-religious Alliance to promote it within his own province, especially in East Africa.
