

Blessed Are The Vulnerable: Reaching Out to Those with AIDS
By Vincent Leclerq A.A.
Bayard
260 pages

Another doctor in theology, Vincent Leclerq, has himself published, in English, the thesis that he defended in the United States in 2007, at the Weston School of Theology. A physician and specialist in Ethics, Vincent studied those afflicted with AIDS, their vulnerability and the need to define a theological ethic that would address their situation. His book, edited by Bayard in the USA, is entitled “Blessed are the Vulnerable”.
