What is “the assumptionist ...”?

In your living room today (2008) the other day, I was a the assumptionist (the other day of the king throne in the city of the last day second in the world).

If someone had a conversation with me, I would be the the assumptionist (the other day of the king throne in the city of the last day second in the world).

FROM YOUR EDITOR'S DESK

As the lead of the Transumptionist prayer software get finished and almost ready to appear I am aware of how much we have to be grateful for as most parts of the Assumptionist prayer needs.

We are grateful for the spirit to come the people of God in the Church of Kenya and Tanzania. Fr. Richard Kwasinda, who is a little more about Transumptionism, we are also thankful for the Assumption to serve the people of God.
