

The Provincial Chapter of Implementation, Part II, of the North American Province of the Augustinians of the Assumption is taking place this week, July 5th through July 9th, at Assumption College in Worcester, MA. The purposes of this gathering include: reports from the Philippines, Mexico, Canada and the U.S., which make up this province, and the study of documents produced by the General Chapter which just took place this past May in Rome and their implications for the congregation as it moves into the future. Also, there will be significant discussions between the vowed members of the community and their lay delegates, men and women, as they partner in the Assumption family. Chairing this chapter is the newly appointed provincial Fr. Miguel Diaz Ayllon, A.A., regional superior in Mexico.
